

Index of Statistics on Water Supply in Japan

No	Large Category	Middle Category	Sheet Name
Form 1			
1-1	Summary of Water Supply	Number of Water Supply Classified by Type	1-1 Summary of Water Supply/ Number of Water Supply Classified by Type
1-2		Present Water Supply Population and Water Coverage Ratio	1-2 Summary of Water Supply/ Present Water Supply Population and Water Coverage Ratio
1-3		Designed Water Supply Population	1-3 Summary of Water Supply/ Designed Water Supply Population
1-4		Water Supply Utilities (5,000<Supply Population)	1-4 Summary of Water Supply/ Water Supply Utilities
1-5		Small Scale Water-supply Systems (Supply Population =<5,000)	1-5 Summary of Water Supply/ Small Scale Water-supply Systems
1-6		Private Water Supply (100<Supply Population)	1-6 Summary of Water Supply/ Private Water Supply (100<Supply Population)
1-7		Private Water Supply Facilities (50=<Supply Population =<100)	1-7 Summary of Water Supply/ Private Water Supply facilities (50=<Supply Population =<100)
2-1	Water Coverage	Water Coverage Divided by Municipalities	2-1 Water Coverage/ Water Coverage Divided by
Form 2 – 1			
1-1	Business Plans & Water Coverage	Business Plan	01-01 Business Plans & Water Coverage/ Business Plan
1-2		Tariff of Water Supply	01-02 Business Plans & Water Coverage/ Tariff of Water
1-3		Target of Water Supply	01-03 Business Plans & Water Coverage/ Target of Water Supply
1-4		Water Coverage	01-04 Business Plans & Water Coverage/ Water Coverage
1-5		Number of Personnel	01-05 Business Plans & Water Coverage/ Number of
1-6		Entrustment to Third Parties	01-06 Business Plans & Water Coverage/ Entrustment to Third Parties
1-7		Diffusiveness of New Technology	01-07 Business Plans & Water Coverage/ New
2-1	Outline of Facilities	Water Abstraction Facilities	02-01 Outline of Facilities/ Water Abstraction Facilities
2-2		Main Facilities	02-02 Outline of Facilities/ Main Facilities
2-3		Owned Land Area	02-03 Outline of Facilities/ Owned Land Area
2-4		Several Facilities	02-04 Outline of Facilities/ Several Facilities
2-5		Effluent Treatment Facilities (Part 1)	02-05 Outline of Facilities/ Effluent Treatment Facilities
2-6		Effluent Treatment Facilities (Part 2)	02-06 Outline of Facilities/ Effluent Treatment Facilities
2-7		Length of Pipeline & Fire Hydrant	02-07 Outline of Facilities/ Length of Pipeline & Fire Hydrant
2-8		Length of pipes Networks & Length of Aged pipes (Over 40 Years) Classified by pipes Material	02-08 Outline of Facilities/ Length of pipes Networks & Length of Aged pipes (Over 40 Years) Classified by pipes
2-9		Length of Aged pipes (Over 20 Years)	02-09 Outline of Facilities/ Length of Aged pipes (Over 20 Years)
2-10		Length of pipes Expansion & pipes Renewal Classified by pipes Materials	02-10 Outline of Facilities/ Length of pipes Expansion & pipes Renewal Classified by pipes Materials
3-1	State of Water Supply	Water Abstraction Volume/ Water Purified Volume/ Water Supply Volume	03-01 State of Water Supply-Water Abstraction Volume/ Water Purified Volume/ Water Supply Volume
3-2		Analysis of Water Supply Volume	03-02 State of Water Supply-Analysis of Water Supply
3-3		Number of Service Connections (Tariff structure by customer use) & Annual Billed Water Consumption	03-03 State of Water Supply-Number of Service Connections (Tariff structure by customer use) & Annual Billed Water Consumption
3-4		Number of Service Connections (Tariff structure by meter size) & Annual Billed Water Consumption	03-04 State of Water Supply-Number of Service Connections (Tariff structure by meter size) & Annual Billed Water Consumption
3-5		Number of Direct Coupled Water Supply buildings & Number of Water Receiving Cisterns	03-05 State of Water Supply-Number of Direct Coupled Water Supply buildings & Number of Water Receiving
4-1	Risk Management	Plan of Emergency Repair/ Emergency Water Supply, Manuals of Risk Management & Disaster Prevention Practice	04-01 Risk Management/ Plan of Emergency Repair/ Emergency Water Supply, Manuals of Risk Management & Disaster Prevention Practice
4-2		Grasp situation of water pollution source & Watershed councils	04-02 Risk Management/ Grasp situation of water pollution source & Watershed councils
4-3		Earthquake-resistant countermeasure (Facilities, Equipment)	04-03 Risk Management/ Earthquake-resistant countermeasure (Facilities, Equipment)
4-4		Secured Water Volume in Emergency	04-04 Risk Management/ Secured Water Volume in
4-5		Influence Population by Suspension or Pressure Reducing of Water Supply	04-05 Risk Management/ Influence Population by Suspension or Pressure Reducing of Water Supply
5-1	Environment & Energy	Environmental Consideration	05-01 Environment & Energy/ Environmental Consideration
5-2		Electric Power Consumption	05-02 Environment & Energy/ Electric Power Consumption
5-3		Fuel Consumption	05-03 Environment & Energy/ Fuel Consumption
5-4		Calorific Value	05-04 Environment & Energy/ Calorific Value
5-5		Amount of Emission	05-05 Environment & Energy/ Amount of Emission
6-1	Financial Condition	Profit & Loss Statement	06-01 Financial Condition/ Profit & Loss Statement
6-2		Balance Sheet	06-02 Financial Condition/ Balance Sheet
6-3		Capital Revenue & Expenditure	06-03 Financial Condition/ Capital Revenue & Expenditure
6-4		Expense Constitution	06-04 Financial Condition/ Expense Constitution
7-1	Construction Improvement	Expense Classified in Objective	07-01 Construction Improvement/ Expense Classified in Objective
7-2		Expense Classified in Each Facility	07-02 Construction Improvement/ Expense Classified in Each Facility
